

BLUE TOOTH ADAPTER USE ONLY

To connect your mobile phone or any other device which has a Blue Tooth connection follow the below instructions.

The Stage Sound and Lighting Box is located behind the curtains on stage on the right hand side. You will need a code to the key box on stage underneath the light switch (turn on stage lights) next to the stage sound and lighting box to obtain a key to the padlock on the doors of the stage sound & lighting box.

Please return the key to the box once the padlock is open and scramble the numbers of the key box.

When using this adapter please stay near the stage with the device that you wish to use with the Blue Tooth Adapter, do not move the device to the rear of the Hall as you will lose connection with the Blue Tooth adapter.

Start-Up Instructions

Unlock the metal rack underneath the Stage & Sound Lighting Box.

Keys are in the Stage Sound & Lighting Box, bottom shelf, on the left on a hook on the wall.

Turn on power plugs situated at the rear of the bottom shelf in the Stage Sound & Lighting Box for the light; Sound Desk and Blue Tooth Adapter.

Press the power button on the following equipment in the metal rack; Hearing Loop; Amp 1 and Denon Amp.

Locate the multi remote control, kept in its cradle on the bottom shelf in the Stage Sound & Lighting Box.

Locate the multi remote control, kept in its cradle on the bottom shelf in the Stage Sound & Lighting Box.

Activate the screen on the multi remote control by touching the screen; make sure it displays the home screen as below picture, if not press the house icon on the multi remote control.

If the screen is completely blank then press and hold down the 'off' button located at the top of the remote for 3 seconds, the remote will power on and display the below home screen.

Caption	Used For
Watch Blu Ray1	DVD or Blue Ray Disks
Watch Blu Ray2	DVD or Blue Ray Disks
Enable Sound Desk	Microphones & Blue Tooth Adapter
Enable FOH Audio	VGA connection
Stage HDMI	HDMI Connection (No microphones)

Press 'Enable Sound Desk' caption on the multi remote control; this will activate the Sound Desk and Blue Tooth Adapter.

On the Blue Tooth adapter (which is located on top of the suppressor) itself press the 'Pair Button' which is located on the rear of the device.

On your device locate Blue Tooth devices available where DN-200BR should be displayed and connect to that device.

Once connected you can control the volume using your device, the Sound Desk has been pre-set to a certain sound level so the mixer controls labelled 'Blue Tooth' should not be moved.

At the end of the evening:

On the multi remote control press 'Sound Desk' caption which will de-activate the sound desk and return the remote control to its cradle on the bottom shelf in the Stage Sound and Lighting Box.

Turn off power plugs situated at the rear of the bottom shelf in the Stage Sound & Lighting Box for the Sound Desk; Blue Tooth Adapter and the light.

Press the power buttons to turn off the following equipment in the metal rack; Denon Amp, Amp 1 and Hearing Loop.

Lock the metal cabinet and return the key to its location in the Stage Sound & Lighting Box.
